This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

+ *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.

+ *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.

+ *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.

+ *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

About Google Book Search

Google's mission is to organize the world's information and to make it universally accessible and useful. Google Book Search helps readers discover the world's books while helping authors and publishers reach new audiences. You can search through the full text of this book on the web at `http://books.google.com/`

AN ALPHABETICAL ARRANGEMENT OF PERSONS ESTIMATED TO BE WORTH $100,000, AND UPWARDS.

WITH THE SUMS APPENDED TO EACH NAME.

BEING USEFUL TO

BANKS, MERCHANTS, AND OTHERS.

NEW-YORK:

COMPILED WITH MUCH CARE AND

PUBLISHED AT THE SUN OFFICE.

1842.

Digitized by Google

HARVARD COLLEGE LIBRARY

NOTICE.

The following Pamphlet has been compiled with much care, and has been made as perfect as the nature of the matter would permit; as in the compilation so much depended upon information derived from so many sources, that in few instances indeed was it found strictly to agree. However, it has been the aim of the compiler to come as near the *truth* as possible, and since the pamphlet has been in type and previous to publishing he submitted it to several "knowing ones," who coincide in the opinion that it is as correct an *estimate* as the novelty and difficulties attending the compilation would allow.

Should any corrections or additions be required in the first edition, a second shall be put to press containing them.

Entered according to Act of Congress in the year one thousand eight hundred and forty-two, by MOSES Y. BEACH, in the Clerk's Office of the District Court of the United States for the Southern District of New York.
